(6) number 5 can be combined with **touristic train ride that makes circle Nei Pori Platamonas Nei Pori**, return ticket is **6eur per person**. You can take train to go there, walk to the castle uphill, have sightseeing, stay in Platamonas for swimming or shopping or eating, and come back when you like with same train

For all excursions in Nei Pori and Neos Marmaras i will arrange guide to go with you, in English. If you need guide in Polish language this must be paid additionally (and there are not so many of them for Polish language, so we must book guide on time). I must speak about the rates (but i believe they are not cheap), i did not hire them before, we always made guidance in English with our staff. Of course they know the routes and can give you basic infos, but they are not professional tourist guides.

I hope that i managed to give you enough infos so that you can organize.

I am sure that you will have great time, no matter if you make excursions or not, beaches are beautiful and sea so this will be enough to satisfy you as well.

If you ask me, try to arrange **Meteora excursion**, because this is something exceptional that you can rarely see anywhere in the world.
